

## **ADMIN**

1. Orders edit button – Application error.
2. Finances & Invoices – All invoices Actions button shows Application error.
3. Store Management – Actions ( Edit button ) Application error.

## **OPERATOR**

1. In Operator dashboard, for Wastage Quantity value, use toFixed(2) to remove extra decimal numbers.

The screenshot displays two entries in the Wastage History section of the Operator dashboard:

**MS Sheet**

- Reason:** Measurement mistake
- Quantity:** 10.038126557896 kg
- Date:** Dec 4, 2025
- Status:** Cutting

**Welding Wire**

- Reason:** Material defect
- Quantity:** 2.5171490270934 kg
- Date:** Dec 1, 2025
- Status:** Cutting
- Order:** ORD-0004
